EDUCATIONAL VISIT TO NATIONAL SCIENCE CENTRE AND NATIONAL GALLERY OF MODERN ART, NEW DELHI

An educational trip was organized by Army Institute of Education to the National Science Centre, Delhi and the National Gallery of Modern Art for the student-teachers of B.Ed. 2017-19 on February 05, 2019. The visit proved to be a great way to arouse curiosity in the minds of student-teachers and was a thrilling and motivating experience. The student-teachers took a tour of the following galleries- Water- the elixir of life, Hall of nuclear power, Our science and technology heritage, Human biology, Pre-historic life, Fun science, Information revolution, Emerging Technologies-Space Technology, Information and Communication Technology, Medical and Biotechnology, Oceanography and Earth Sciences, Agricultural Technology, Material Science, Nanotechnology, Energy and Transportation Technology.

The galleries showcased a plethora of exhibits that covered various topics. Magic tap, stingless piano, Tesla coils, energy ball, marine and freshwater aquariums were the main attractions at the Science Centre. The Science Centre provided a whole world of wonder and amazement with 137 interactive 'hands on' exhibits. Wrestling the gorilla arm, virtual makeup, find the direction of sound, walking through the mirror maze, infinity well, animated dinosaurs, responding to electric shock, lifting a lid against an electromagnet and many others caught the attention of student-teachers instantly and they thoroughly enjoyed being part of these fun filled activities.

We also got a chance to visit the National Gallery of Modern Art. Its collection hosts more than 14,000 works, including pieces by artists such as Thomas Daniel, Raja Ravi Verma, Rabindra Nath Tagore, Rabindranath Tagore, Gaganendra Nath Tagore, Nanda Lal Bose, Jamini Roy, Amrita Sher-Gil, as well as foreign artists, all these apart from its many sculptures by various artists. It was a great learning experience and a wonderful opportunity to discover the cultural heritage of our nation.
