### **AIE OBSERVES SWACHHTA PAKHWADA**

**FROM 01-15 AUG 2019**

Cleanliness is most important for physical well-being and a healthy environment. It has bearing on public and personal hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions. Seeing the importance of cleanliness, Government of India has initiated observing Swachh Bharat Abhiyan (SBA) or Swachh Bharat Mission (SBM), which is a nation-wide campaign in India for the period 2014 to 2019 that aims to clean up the streets, roads and infrastructure of India's cities, towns, and rural areas. The objectives of Swachh Bharat include eliminating open defecation through the construction of household-owned and community-owned toilets and establishing an accountable mechanism of monitoring toilet use. Run by the Government of India, the mission aims to achieve an "open-defecation free" (ODF) India by 2nd October 2019, the 150th anniversary of the birth of Mahatma Gandhi, by constructing 90 million toilets in rural India

Army Institute of Education supported the cause by observing Swachhta Pakhwada from 01-15 Aug 2019, as per guidelines received by State NSS Office, under Ministry of Youth Affairs and Sports, Government of India. Special Morning Assembly was conducted on few days, where students focused on cleanliness and its importance. Student-teachers staged a play on the theme and urged everyone to participate and contribute at the individual level. One should start from their own self then going to the surrounding and society and finally to nation to make cleanliness a

revolution. Student-teachers expressed their views on the topic in a session where they spoke extempore. Through it they could speak out their mind and about their viewpoint on its relevance. Special screening of Hon'ble Prime Minister Sh Narendra Modi's talk on Swachhta was also done. Through such screenings student-teachers get to know the view point of our great leaders and their contribution for the cause. Teachers and students role is very important to create awareness on cleanliness and they being future teachers, responsibility lies on their shoulders to a great extent. It is the responsibility of all Indians. It's a need of the present; all the people should actively participate to clean India to fulfil the dream of Mahatma Gandhi for the protection of the environment, for our safety, and for a healthy future.
