(Affiliated to GGSIP University, New Delhi)

NAAC ACCREDITED & ISO 9000:2015 CERTIFIED INSTITUTE

PERSONALITY DEVELOPMENT PROGRAMME

(15 JAN-25 JAN 2019)

GUEST LECTURE ON 'TECHNOLOGY IN CLASSROOMS'

On 17 Jan 2019, Mr. Jagan Mohan Reddy, Mr. Jerin Jacob and Mr. Shukla, the professional experts from **Extra Marks Education Private Limited, Noida** visited the Institute as a part of the Personality Development Programme. The intent was to familiarize the students with the emerging ideas and trends on how to integrate technology with education.

They discussed about the old school learning and the education system that need to be changed. Also, through presentation, they emphasized that technology can be a powerful tool for transforming learning which can help affirm and advance relationships between educators and students, reinvent approaches to learning and collaboration, shrink long-standing equity and accessibility gaps, and adapt learning experiences to meet the needs of all learners. Eventually, they acquainted the student-teachers of AIE with the 'PROJECT PAHEL' which believes that quality education is a key to empower children and its main projects. It was an enriching session and insightful for one and all.

Dr Tania Gupta, Principal AIE felicitating the Mr Jagan Mohan Reddy, Vice President, Extramarks Education Foundation

Mr Jagan Mohan Reddy, Vice President, Extramarks Education Foundation conducting an enriching session on 'Using Technology in Classrooms'.
