ACTIVITY

CLOTH BAG

ECO-Club organized activities Under District ECO-SDG CHAMPIONSHIP-2023; Army Institute of Education planned to "Carry Cloth Bag" on 21st August Till 10th Spetember.2023, to stimulate imperishable significance of environment and its essence of viable in the teaching-learning process. A notice was circulated among the students to carry Cloth/Jute/Paper Bags with them for twenty-one days. The activity was consciously designed in a manner that urges the learners and other faculty members of AIE to build a habit of Carry eco-friendly bags and become aversive to the usage of Plastic.

The activity was set in motion as a fragment of structured and well-regulated teaching-learning session. The students were notified to assemble at Herbal Garden, AIE. The activity was initiated at the Herbal Garden thus, followed in the various sections of the institute.

The "Carry Cloth Bag" was of a one and a half hours session, later the student-teacher and members of AIE, were urged to practice the activity everyday religiously to embed this habit of Carrying Cloth Bag in their daily life style.

The Carry Cloth Bag activity was an up roaring one, in the institute and it has resulted in motivating and influencing the upcoming junior batches to follow similar footprints of their seniors and progress towards making our environment liveable, renewable and healthy planet to live in.

Students' Activity:

The student's activity included to carry Cloth/Jute/paper bags to create awareness about sustainable development and to promote use of eco-friendly products in our daily-living activities. The focus was laid on embarking into new journey of sustainability by developing an adaptive habit of carrying and conscious usage of Cloth/jute/paper bags to contribute a bit in promoting towards minimalist usage of Plastic and contributing to build balanced environs.

Number of participants:

The number of participants comprised in the 'Carry Cloth Bag' activity were around ninety one pupil-teachers, activity in charge and respective faculty members and AIE members.

Activity outcome:

- The learning outcome of the activity conducted was to make the students-teachers; faculty members more sensitized and spread awareness regarding the urgent need to foster small steps towards sustainability and environment management.
- The activity spades on the very aspect of igniting the minds and conscious of every individual within the campus and outside the institute premises about sustainability and fostering eco-friendly habits.
- The aim is to make our future teacher-trainee more mindful while consuming the natural resources and make minimum waste disposal from their ends.
- This activity will promote environmental cohesiveness not only among our learners but along with that among the member of society.
- The activity shall ingrain the psychology of connecting more and more to our environment and develop a sense of responsibility towards our immediate surrounding and eventually our planet earth.
