Report on "Puneet Sagar Abhiyan" : Water Body Cleaning Campaign on 09 Sep 2022

Army Institute of Education has organised a campaign under "Puneet Sagar Abhiyan" on 09th Sept 2022. The campaign was conducted by NSS Cell under the guidance of In-charge Mr. Yogesh Kumar. Fresh water is the most vital natural resource. Most of our drinking water comes from rivers, lakes and surface water from other sources. Clean and unpolluted rivers and lakes makes it possible to have clean, economically viable and easily available water for drinking. The garbage in rivers is more than just an eyesore because it can possibly contaminate our drinking water and threaten nature, our lives, and that of our loved ones. Even a piece of litter thrown on the street may contribute to the piling garbage in our rivers and creeks. Under this campaign members of NSS Cell came forward to clean the river bank and spread awareness among people.

The campaign was successfully conducted under the guidance of Dr. Abhilasha Gautam, Principal AIE and Col Abhay Rajvanshi (Retd), Registrar AIE.
