FROM THE PEN OF PLACEMENT IN CHARGE

The changing paradigms have made it mandatory for a Teacher training institution to foster a new breed of teachers – individuals equipped with the right kind of knowledge, teaching skills, ability to think out of the box and innovations in teaching. The expectations of the schools have gone higher and only those sustain who have the right attitude & skills to accept challenges and increase the performance ladder each day. Only hard work is no more the key to success alone but individuals are expected to work smarter and consistently without failure.

The Training & Placement Cell (TPC) at Army Institute of Education, Greater Noida gives utmost importance to assist its student teachers in getting suitable placements after the successful completion of their teacher training. The Cell organizes activities and workshops that enable student teachers to be effective teachers as well as felicitators. The TPC has operated with twin-fold focus, i.e. augmenting internal competencies by fostering contemporary grooming of student teachers and by enabling schools to identify and absorb intellectuals with requisite teaching skills & content knowledge.

Every AIEian is provided with highly professional environment of learning from the very first day. The institute places special emphasis on inculcating core values and skills required for teaching, besides developing superior expertise on functional domains and garnering content knowledge. The TPC plays a very important role throughout by conducting Principal talks, Personality development workshops, Alumni talks, Guest lectures and Trainings. At AIE we nurture intellectually competent, socially concerned, morally upright and technically inclined teachers.

If you are looking for the teachers who act as catalyst to shape the destiny of India, AIE is one of the best choices that can meet your expectations and contribute to your human resource talent pool.

Thank you.

We are highly grateful to Dr. Tania Gupta, Principal AIE and Training and Placement Cell for their continuous and explicit efforts for our placement. Our teaching and non-teaching staff consistently supported us with their valuable inputs for the betterment of ourselves in this teaching profession. College management work tirelessly to provide us with ample amount of opportunities so that we could grow as professional teachers. Placement cell has taken initiatives in organising workshops, personality development sessions which are quite helpful in enhancing our skills. We the student-teachers feel privileged and blessed to be the part of this renowned institution and that have made a huge difference into our personality as morally upright human resource to the society. We are successful in maintaining our high placement statistics over the years and the fact that our students are able to cross the earlier benchmarks with record breaking placement itself is a testimony to our quality.
