OPENING CEREMONY & INAUGURAL SESSION

The hosts of the inaugural session, Ms. Pavitra and Ms. Supriya, student teachers of B.Ed. Batch 2021–2023, enthusiastically welcomed everyone to the international conference in hybrid mode. The inaugural ceremony commenced with the unveiling statue of Goddess Saraswati by **Prof. (Dr) Mahesh Verma, Honourable Vice Chancellor, GGSIPU, Dr. Abhilasha Gautam, Principal AIE** and other dignitaries by seeking the blessings of the divine.

Welcoming the Guests & Unveiling of Goddess Saraswati Statue

Dr. Abhilasha Gautam, Principal AIE, welcomed all the dignitaries, distinguished resource persons, paper presenters, participants, faculty and student teachers. She addressed various aspects related to the pandemic and discussed various facts and insights. Dr. Gautam extended her best wishes for the conference's success. She ended her words by quoting "Look at the sky, we are not alone."

The whole universe is friendly to us and conspires only to give the best to those who dream and work” by A.P.J Abdul Kalam.

Maj Gen Bhavnish Kumar, VSM, COS Delhi area and Chairman AIE opened his remarks by expressing his gratitude to the Army Institute of Education for hosting this international conference with the theme of "Reimagining the Post Pandemic Society." He continued by briefly describing how Covid altered our worldview, educational system, and economic system. Covid, according to him, served as a catalyst. He expressed some strong opinions, saying that the quarantine had given us plenty of opportunity to reflect on our inner selves and taught us about life's realities.

Felicitation of Guests & Lamp Lighting

Release of Proceedings

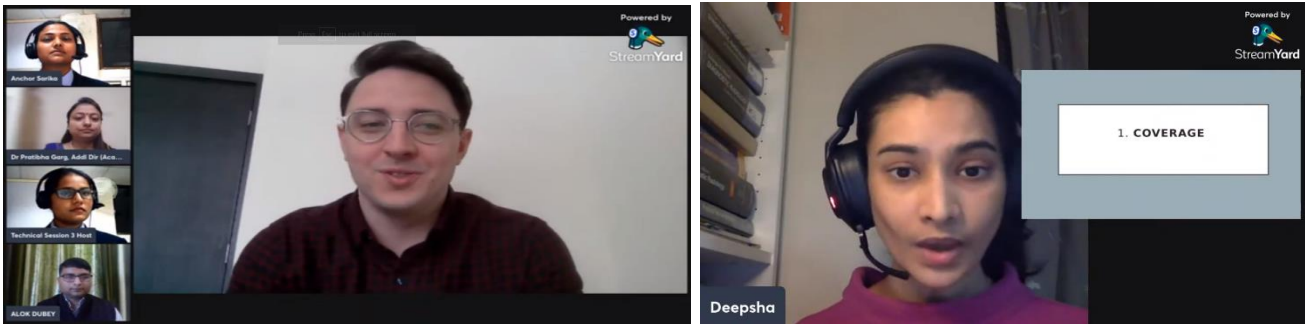

Opening Address by Maj Gen Bhavnish Kumar, VSM, COS Delhi Area & Chairman AIE and Welcome Address by Dr Abhilasha Gautam, Principal AIE

Address by Chief Guest, Prof (Dr) Mahesh Verma, Hon. VC, GGSIP University, New Delhi

Prof (Dr) Mahesh Verma, Padma Shri awardee, expressed his opinion on the subject and provided some observations, including the fact that India's economy remains steady both during and after the pandemic in comparison to other nations. Prof Verma suggested the gathering to plan, reorganise, and manoeuvre with vision from Covid to deal with a crisis. Regarding education, he claimed that the epidemic offered us access to greater technologies and e-learning. He discussed health issues and how accessibility was handled throughout the pandemic. He argued that technology is the only solution. Prof Verma claimed that in order to improve society's economy, we must adhere to the three mantras of globalisation, liberation, and privatisation. The significance of the Sustainable Development Goals is important. He ended by appreciating the efforts of the Institute and gave novel acronym of AIE as Ace, Incredible and Essence.

Keynote Address by Mr Bradford Elliott, Vice President Investment Grade Credit Strategy Barclays, New York, USA and Dr Deepsha Agrawal, Doctor, Dept of Radiology, Oxford University Hospitals, UK

Mr Elliott discussed various issues of economy in perspective of pandemic. Dr Agrawal viewed health and education as the foundations of wellbeing. She informed us all of the opportunities and challenges that exist throughout the pandemic. Dr Agrawal presented five suggestions for reimagining post-pandemic civilization. the creation of digitally integrated national supply chains, the reform of medical education, data-driven health, and technology-driven health and the development of high-quality healthcare.

Keynote Address by Prof Kishor Kumar, ICCR Professor Chair (Indian Studies), Institute of Oriental Studies, Department of Languages and Cultures of India & South Asia, Jagiellonian University, Poland

The main point of his lecture was that just 2% of the country's GDP is spent on education, which means that health tourism must be regulated and under control. He discussed the value of student input and how innovation and critical thinking can advance society.

Keynote Address by Mr Anuj Jain, Director, CMBS Strategy, Barclays, New York, USA, and Dr DK Gupta, Senior Consultant, General Adult Psychology, Institute of Mental Health, Singapore

Mr Jain educated us on the advantages of expansion and diversification in the commercial sector during the pandemic. He advised us to consider reinventing ourselves and provided a review of work from home opportunities and the growing usage of online communication. He added that women had more work prospects both during and after the pandemic.

Dr Gupta discussed neuropsychiatric symptoms, meta-analysis, and the need to improve mental health services. He also spoke about pandemic depression and cognitive decline. He presented a quick introduction to hybrid policies, economic recovery, and management.

Keynote Address by Prof (Dr) Aarti Srivastava, Vote of Thanks by Col Abhay Rajvanshi, Registrar & HoA, AIE

Prof Srivastava enlightened us with formal and informal education and job training. She talked about the value of teaching profession as it gives free and open space, protects social spaces and institutional spaces, sustainable technology, curriculum, etc. Prof Srivastava provides an overview of human capital in terms of health, education, and training as well as post-pandemic difficulties and advances in solidarity. It was an interactive event, and many lecturers and student teachers answered questions at the conclusion. The Inaugural session ended with the vote of thanks by Col Abhay Rajvanshi (Retd) Registrar AIE. He thanked the distinguished gathering for their presence and hoping that this platform will prove to be fruitful for further deliberations. The Inaugural Session concluded with the National Anthem in sign language and Group Photograph.

TECHNICAL SESSIONS

The technical sessions followed the inaugural session and the main keynote lecture. The international conference comprised of three technical sessions of Online and Offline. Each session had a Chair and Co-chair, who were experts in the domain. Each author was given 5 minutes for the paper presentation, which was followed by question and answer session for 3 minutes. The conference was structured to foster discussion between participants.

TECHNICAL SESSION: 1

Dr Vinod Kumar Shanwal, Associate Professor, USE, GGSIP University, New Delhi, chaired this technical session I. The technical session had 17 papers. Dr Shanwal opened his remarks by congratulating the International Conference's organisers and the paper speakers on their work. He highlighted how COVID has affected education and how it has opened up new avenues for learning. Ms Santosh Dutt and Ms Nitya Saini, Student teachers of B.Ed. Batch 2021-23 anchored the technical session I.

Paper Presentations in Technical Session I, Chaired by Dr Vinod Kumar Shanwal

Some of the papers presented in Technical Session 1 were based on MOOC (Massive Open Online Courses) programmes. They highlighted the importance and relevance for better academic outcomes. There are certain problems since there is a significant difference between the rates of enrolment and course completion.

Few papers discussed the impact on the students' and teachers' (adolescent) mental health. How tough it was for the teachers to teach from home because several of them were also mothers at the time and found it difficult to teach online. The students also suffered since they were forced to interact socially just within the confines of the home.

Another topic discussed was the use of creative teaching methods. The way online education has inspired many teachers to incorporate the various technology at their disposal into their teaching methods. Inclusion can be achieved through digital equity.

Remaining papers were concerned on how Covid-19 has impacted the Indian and the world economy. They also suggested ways on India how can become one of the economic leaders in the world.

MR. KARTHIKEYAN.P Assistant Professor AIE offered a vote of thanks to the chair **Dr Vinod Kumar Shanwal**, paper presenters and anchors of the technical session.

TECHNICAL SESSION-2

DR. AMIT AHUJA, Associate Professor University School of Education, GGSIPU, New Delhi chaired the technical session-2.

The papers were presented on the given eight topics and within these topics through the power point presentation; the session has the presenters who were Assistant Professors, research scholars and student-teachers (AIE) from the various colleges and universities. The questions were also asked by both the chairperson as well as the audience. Some of the questions asked by the chairperson were related to the techniques used in research, Sampling and suggestion. After the presentation the Chair gave some of the valuable suggestions and guidance. In this way the technical session concluded successfully and was able to extract wide knowledge regarding the given topics as well as about the technical terms and tools used in the research work. Ms Varsha Bhartiya and Ms Sweta Jayswal, student-teachers, B.Ed. Batch 2021-23 were the anchors for this session.

Ms Komal Choudhary Assistant Professor, AIE proposed a vote of thanks to the chair **Dr. Amit Ahuja**, paper presenters and anchors of the technical session.

Paper Presentations in Technical Session II, Chaired by Dr Amit Ahuja

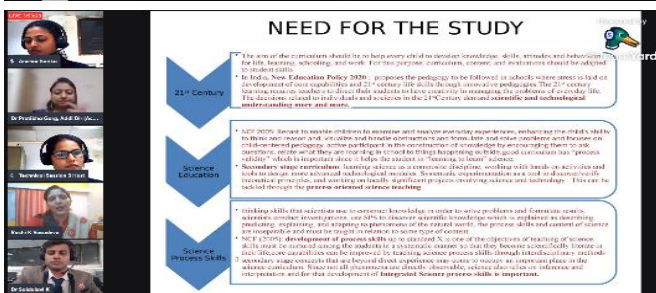

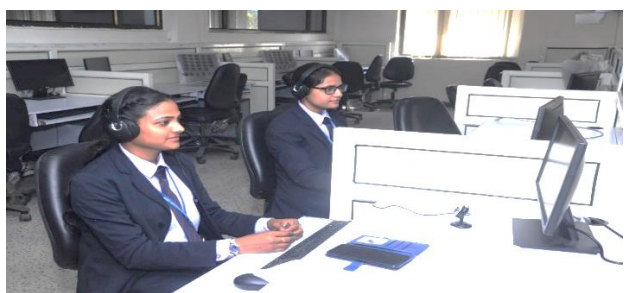

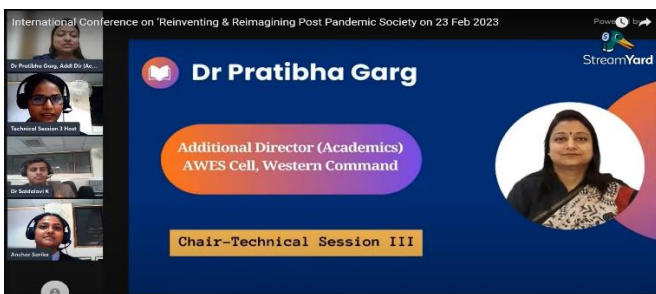

TECHNICAL SESSION 3

Dr Pratibha Garg, Additional Director (Academics) AWES Cell, Western Command, chaired this technical session. In technical session, twenty-eight papers were presented. In her remarks, at the outset, she congratulated the organisers of the International Seminar and the paper presenters for their presentation and gave her insights after the completion of the presentations. Ms. Shivani and Ms. Sarika, Student teachers of B.Ed. Batch 2021-23 anchored the session.

Mr Bradford Elliott, Vice President Investment Grade Credit Strategy Barclays, New York, USA was the distinguished Speaker of the technical session. Through his short video, he enlightened us about the bloom of E- Commerce and what has happened in the corporate level during and post pandemic.

Topics of discussion included the long-term economic effects of the pandemic, the impact of remote learning on education, the mental health implications of prolonged isolation and social distancing, and strategies for ensuring equitable access to healthcare in the wake of the pandemic.

Dr. Saidalavi Kundupuzhakkal Assistant Professor, AIE proposed a vote of thanks to the chair Dr. Pratibha Garg, paper presenters and anchors of the technical session.

WORKSHOP ON INDIAN SIGN LANGUAGE

As we are celebrating INTERNATIONAL DAY OF INDIAN SIGN LANGUAGE 2022, as part of the ongoing activities a workshop was organised by Inclusive Education Centre and NSS cell of Army Institute of Education, Greater Noida on 30th September 2022. The workshop convener was Ms.Komal Choudhary, Asst.Prof.AIE.

The workshop aimed to encourage awareness about sign language as our honourable Prime Minister Narendra Modi said that for the first time in the country, sign language is being included as a subject in academic curriculum. In his weekly radio talk 'Mann Ki Baat', he said a lot of emphasis has been given in the National Education Policy (NEP 2020) for maintaining a fixed standard for sign language, the lack of which has been a problem for long.

The commencement of the workshop in seminar hall done by Chhavi Kanwar and Saloni Soam student of B. Ed. Special Education (21-23) by welcoming the Guest Speaker Mrs. Rachita Gupta a Special Educator, specialization in Learning Disability with experience of 3.5 years; currently working in Mater Dei School, Tilak Lane, New Delhi. She also has experience in working with children in Cross Disability along with Master's degree in Psychology.

Mrs Rachita Gupta started the session with presentation where she explained about the Indian Sign Language (ISL) and some facts related to it. Then she also focused on the speech given by honourable Prime Minister Narendra Modi where he emphasised on including sign language as a subject. Then she moved to the next part of the presentation where she taught the 26 letters of alphabet in ISL. From there the students learned to sign their names.

Then further she taught us some word that we use in our daily lives and some vocabulary words like- WELCOME, THANK YOU, I AM FINE, WHAT IS YOUR NAME? PLEASE, GOOD MORNING, SORRY, CORRECT, WRONG, EASY, AGAIN, HOUSE, APARTMENT, REMEMBER, UNDERSTAND, SON, WIFE, HUSBAND, GRANDMOTHER etc.

She emphasized that while using sign language one must maintain eye contact and must use facial expression. Her way of teaching was very interactive. Students got the opportunity to clear their doubts and also learn a new language.

The workshop was concluded with a Vote of Thanks given by Ms. Komal Choudhary, Asst.Prof.AIE and the students of AIE performed the National Anthem in sign language.

Learning Outcomes- Students and faculties of AIE have learnt about the ISL and AIE has taken initiative to create awareness about use of ISL.

Report on workshop Understanding HIV/AIDS: Let's break the stigma on 5th Dec 2022

Keeping in view the global threat which HIV/AIDS have become & on occasion of World Aids Day, a workshop on understanding HIV/AIDS : let's break the stigma was conducted by Army Institute of Education, Greater Noida on 5th Dec 2022. The resource person for the guest lecture was Miss Dipika, a young transgender activist who has dedicated her 13 years to the community since 2009. She has worked with several community-based organisations and has made contributions to Pehchan, India's largest community programme was our resource person on the same topic. Initially in the workshop, Miss Dipika discussed about HIV/AIDS and emphasized that this disease is rampantly been on rise especially in the developing countries like India. She discussed the severity of the condition and common misconceptions about it, such as the fact that it is contagious and that those who have it must live in seclusion. She spoke about causes of HIV/AIDS, provided various examples and discussed the conditions that contributed to its expansion. She gave us valuable information on the legal rights that people with this sickness have. also She talked about numerous ways to enhance feeling of inclusiveness of these people in the society.

She briefly mentioned the LGBTQ population and the types of prejudice that group faces since they do not meet the stereotypical definitions of male and female gender. In accordance with the Transgender Persons (Protection of Rights) Bill, 2019 a transgender person is one whose gender does not correspond to the sex assigned at birth. It encompasses those who identify as transgender, intersex, genderqueer, and with socio-cultural identities like kinnar and hijra. She also spoke about various instances from her life in which, as a trans woman, she had been the target of several abuses and that her family had not provided her with the necessary assistance. The session was really engaging and interactive with the resource person very graciously answering all of them & clarifying many of the attendees' misunderstandings and was highly enlightening.

Learning Outcomes

1. HIV/AIDS is alarmingly becoming a global pandemic
2. HIV/AIDS does not transmits by touching, eating together.
3. The risk of HIV/AIDS is higher in certain communities like the trucker community.
4. The Transgender community is increasingly being recognised by all as a inclusive part of society.
5. several laws have been introduced in the Indian Constitution to safeguard the interest of Trans community.

Workshop- Neuro Linguistic Programming (NLP)

Date- 13 Feb 2023

Army Institute of Education, Greater Noida, organized a Workshop on Neuro Linguistic Programming (NLP) on 13 Feb 2023. Mr Deepak Chhabra, Assistant Professor, Department of Management Studies, Rukmini Devi Institute of Advanced Studies, New Delhi. The resource person was felicitated by Ms Kriti Guleria, Asst Prof. AIE.

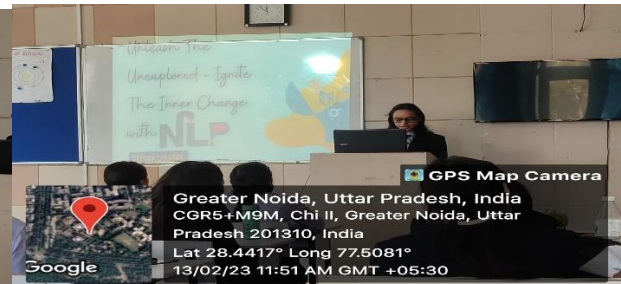

Mr Chhabra spoke about intricacies of NLP including human confusions in taking life decisions, contradictions in life happenings. He spoke about three major aspects- neurological aspects, linguistic aspects and programming. Neurological aspects dealt with senses, information, conditioning throughout our growing up which gets filtered into personal experiences. There can be many perspectives to the same story. Language dealt with all forms of communication. Programming refers to habits that we create, how our brain creates neural pathways that assimilates the work system and finally defines the individual. An activity was conducted where students need to colour in a circle. It was related to the conditioning of the individual and the theme.

Learning Outcome

1. Unlearn to learn
2. Appreciate everything that is obscure.
3. Mental & physical performance, understanding one's thought process better.
4. Staying calm & composed
5. Experience life differently.

Report on – ‘Desh Ke Mentor’

Date:27 Sep 2022

Army Institute of Education organised an Orientation Programme for **Desh Ke Mentor** for NSS volunteers, student teachers of B.Ed. and B.Ed. Spl. Ed. of Batch 2021-23 and 2022-24 on 27 Sep 2022. The objective of the programme was to orient NSS volunteers regarding the program/flagship of Delhi Government in relation to Mentoring Delhi Government School children. Ms Komal Choudhary, Asst Prof, AIE and NSS Incharge, coordinated the programme. Ms Shikha Mishra and Ms Neha student teachers of B.Ed. and B.Ed. Sp Ed. respectively were the Master of Ceremony to conduct the event. The event commenced with felicitation of the resource persons Mr. Abhinay Pratap Singh, Project Head, Desh Ke Mentor Ms Ekta Gupta, Project Manager, Desh Ke Mentor and Mr. Ankit, Desh Ke Mentor by Dr Abhilasha Gautam, Principal, AIE followed by her welcome address.

Mr. Abhinay Pratap Singh in his deliberation apprised the audience about Delhi Government's 'Desh Ke Mentor' programme. He explained the process of becoming the part of the programme after downloading the app and registering themselves in the programme. He along with Ms Ekta Gupta, Project Manager conducted an Ice Breaking Round for the students. After the activity, Mr Ankit, Desh Ke Mentor took over the session and briefed the students about the Desh Ke Mentor app in more detail. He discussed the salient features of the app and about the requirement of mentoring the children of Delhi Government schools.

He also emphasised that the children cannot share everything with their family members and teachers, so they need mentors from outside. Mentors are expected to be their safe space for sharing personal and academic issues. He highlighted that the Mentors can act as cheerleaders and motivators to the students. Students can also get guidance from Mentors when they feel depressed and anxious.

At the end of the session, Mr. Abhinay Pratap Singh addressed the queries raised by the teachers and students. Dr Abhilasha Gautam, Principal, AIE expressed her gratitude to the Management of the Institute for providing the platform for organising such event and to the resource persons for conducting an enlightening session.

Outcome of the Event- The orientation programme helped in instilling the idea of social welfare in students, and to provide service to society without bias.

The NSS volunteers and the faculty members got an opportunity to be the part of Delhi Government Programme **Desh Ke Mentor**.

Ed. from the batches 2021-23 and 2022-24 and two Special Educators of Jaypee Public School, Greater Noida participated in the workshop. The objective of the workshop was to enhance their understanding and knowledge in the field of special education. Additionally, all the faculty members also actively participated in the workshop. The workshop was coordinated by Ms. Komal Choudhary, Assistant Professor, AIE. The workshop was enriched by the presence and insights shared by two distinguished resource persons. **Dr. Amrita Sahay**, a rehabilitation psychologist, and **Dr. Hemanth Singh Keshwal**, an expert member of RCI (Rehabilitation Council of India), graciously accepted the invitation to be the resource persons for the workshop. Their expertise and experience in the field of special education contributed significantly to the success of the event. The workshop was skillfully hosted by Meera and Shaista, student-teachers from the B.Ed. Spl. Ed. batch of 2022-24. Their confidence and effective communication skills ensured a smooth flow of the workshop and engaged the participants throughout the event.

OPENING CEREMONY & INAUGURAL SESSION

The workshop began with a traditional lamp lighting ceremony, symbolizing the dispelling of darkness and the illumination of knowledge. The esteemed guests and Dr. Abhilasha Gautam collectively lit the ceremonial lamp, signifying the commencement of the event. The ceremony set a positive and auspicious tone for the rest of the workshop. **Dr. Abhilasha Gautam**, the Principal of AIE, delivered a heartfelt welcome address, expressing gratitude to the honorable guests for their presence. Dr. Abhilash Gautam emphasized the significance of such interactive workshops in providing a platform for students and teachers to learn from experienced professionals and exchange ideas. Dr. Abhilash Gautam highlighted the importance of education in shaping future leaders and expressed her optimism about the positive impact the workshop would have on the participants.

accessibility. She explained that accessibility refers to designing environments, products, and services in a way that enables equal access and participation for individuals with disabilities. Dr. Amrita Sahay emphasized that accessibility is not limited to physical spaces but also extends to digital platforms, communication channels, and societal attitudes.

Throughout the workshop, Dr. Amrita Sahay used engaging visuals, anecdotes, and interactive discussions to create an inclusive atmosphere. Attendees were encouraged to ask questions and share their perspectives, resulting in valuable insights.

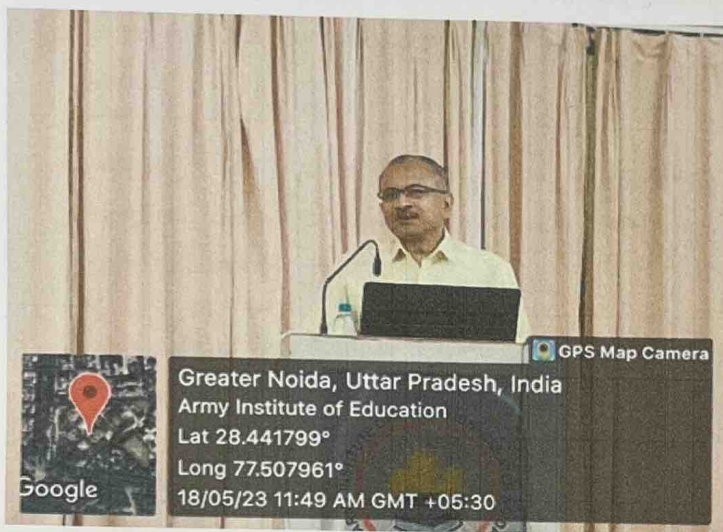

WORKSHOP ADDRESSED BY DR. AMRITA SAHAY

Dr. **Hemanth Singh Keshwal** shed light on the Department of Empowerment of Persons with Disabilities (DEPwD) under the Ministry of Social Justice and Empowerment, which serves as the nodal body responsible for the development agenda of persons with disabilities in India. Emphasizing the importance of inclusivity, the DEPwD, in collaboration with 65 associated institutes and organizations, conducted events at over 80 locations across the country. These initiatives aimed to raise awareness and promote discussions about digital access and inclusion for people with different disabilities.

an environment where individuals with disabilities are treated equally and have equal access to opportunities and resources.

- **Accessibility for individuals with disabilities:** The workshop highlighted the importance of ensuring that individuals with disabilities can experience web-based services, content, and other digital products with the same successful outcomes as those without disabilities. This emphasizes the need for creating accessible and inclusive digital platforms and technologies.
- **Awareness and responsible equality:** The workshop aimed to raise awareness and promote responsible equality for people with disabilities. This means advocating for equal rights, opportunities, and accessibility for individuals with disabilities, and fostering a society that values and supports their inclusion.

WORKSHOP ADDRESSED BY DR. HEMANTH SINGH KESHWAL

Overall, the workshop successfully provided valuable insights, enhanced understanding of inclusion and accessibility, and promoted awareness and responsible equality for individuals with disabilities.

During the workshop, Dr. Hemanth Singh Keshwal discussed various ways in which technology can assist persons with disabilities. The following practical tips were shared:

- Using Audio Tape and Language Labs: Audio tapes and language labs can be effective tools for individuals with hearing impairments, providing them with audio-based learning materials and language development opportunities.
- Adaptive Learning Platforms: Adaptive learning platforms utilize personalized approaches and technologies to cater to the diverse needs and learning styles of individuals with disabilities. These platforms enable customized learning experiences for better educational outcomes.
- Assistive Device Software: Assistive device software, such as screen readers, magnifiers, and voice recognition software, facilitates access to computers and mobile devices for individuals with visual impairments or mobility limitations.
- Collaboration and Remote Learning: Technology enables collaboration and remote learning, eliminating geographical barriers and allowing persons with disabilities to access education and participate in collaborative projects from their own locations.
- Communication Aids: Various communication aids, including augmentative and alternative communication devices, enable individuals with speech or communication disabilities to express themselves effectively.
- Accessible Learning Materials: Technology can be used to create accessible learning materials, such as e-books with adjustable font sizes, screen contrast options, and alternative formats, ensuring equal access to educational content for individuals with print disabilities.

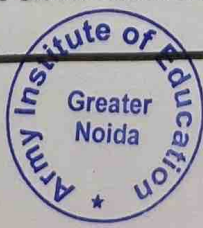

Lastly, the workshop showcased a range of gadgets designed to support the teaching and learning process for students with disabilities. These gadgets were specifically tailored to cater to the needs of individuals at different stages of development, promoting their active participation in educational activities. The workshop concluded with a question-and-answer session, during which Dr. Hemanth Singh Keshwal encouraged participants to critically analyze the existing provisions and facilities available for persons with disabilities. This call to action aimed to identify gaps and areas for improvement in order to create a more inclusive society.

Learning Outcomes:

- Valuable insights and expertise: The workshop provided attendees with valuable insights and expertise shared by distinguished guests. This exposure allowed participants to gain new perspectives and knowledge in a specific field or topic.
- Understanding the commitment to inclusion: The workshop helped students understand that the commitment to inclusion is the ultimate goal of Global Accessibility Awareness Day (GAAD). Inclusion refers to creating
