

Report on celebration of World Environment Day

Organized by Eco Club and NSS Cell of

Army Institute of Education, Greater Noida

Date: 5 June 2024

Introduction

On June 5, 2024, the Eco Club and NSS Cell of the Army Institute of Education (AIE) organized a significant awareness and plantation drive at the AIE campus to mark World Environment Day. This initiative aimed to enhance environmental awareness and promote sustainable practices within the community. This year's theme, "Ecosystem Restoration," underscores the importance of reviving and sustaining our natural environments. Two activities were planned to celebrate the day, in the first activity students were sent in the campus to take the geotag photograph of the plants and trees, objective of this activity was to bring awareness in the students about variety of trees and their medicinal benefits. Second Plantation drive was successfully conducted with the objectives of:

- Increasing the green cover within the AIE campus.
- Educate participants on the importance of trees for ecological balance.
- Instilling a sense of environmental responsibility among students and staff
- And, contributing to global efforts in mitigating climate change.

The activities began at 9:00 AM with an inaugural address of Dr. Abhilasha Gautam Principal AIE, along with the Col Abhay Rajvanshi (Retd), Registrar AIE. Participants were divided into teams, each supervised by a faculty member or senior student. Teams were allocated specific areas for taking geotag photographs and planting saplings, of variety of plants like Neem, Gulmohar, Mango etc. Each participant received instructions on proper planting techniques and the care required for the saplings. Essential tools and materials, such as spades, watering cans, and organic fertilizers, were distributed to ensure the success of the plantation.

The event saw enthusiastic participation from over 150 individuals, including students, faculty, staff, and local community members. Retired army personnel and their families also took part, reflecting the community's strong commitment to environmental initiatives. A total of 100 saplings were planted in and around the campus. Participants took a pledge to nurture and protect the saplings, ensuring their growth and survival.

Learning Outcomes:

The event contributed to the local ecosystem and also instilled a deeper sense of environmental responsibility among participants, laying the groundwork for future initiatives aimed at protecting our planet.
