## AIE BARRIER FREE CAMPUS PWD COMMITTEE MEETING REPORT

Batch 2023-25(3 Sem) & 2024-26 (1 Sem) : 07 September 2024

PWD Cell of AIE has taken new initiative to learn about barrier free environment and recognize your surroundings.

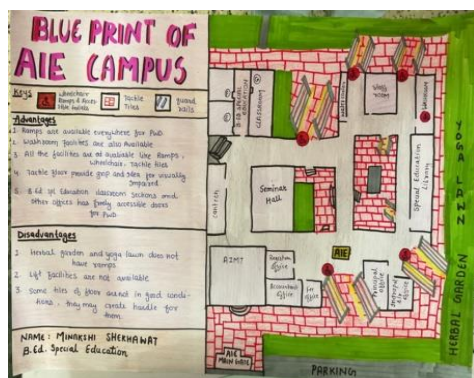

The objective of the meeting was to discuss and design the blueprint of AIE Barrier-Free Campus. This initiative is aimed at ensuring that the campus is fully accessible to persons with disabilities, starting from the main gate and extending to the Special Education Wing. Student teachers must know about the importance of creating a barrier-free campus that promotes inclusion and accessibility. The goal is to recognize the barrier free structure and ensure smooth movement throughout the campus.

Assigned Task to the students- Draft the Barrier Free Campus Blueprint by your own understanding starting from AIE Main Gate to Special Education Wing.

The blueprint has covered various things like Accessible pathways from the main gate to the Special Education Wing, Considerations for ramps, railings, tactile flooring, and signage's in Braille, Adequate lighting and clear signage for better navigation, Accessible parking spaces for vehicles of persons with disabilities, Automatic doors or easily operable doors for all campus buildings, Accessible restrooms and seating areas, Provision for emergency evacuation procedures tailored for persons with disabilities or others important things.

The meeting concluded with the discussion and emphasizing the importance of the given task in fostering a more inclusive environment for all individuals at AIE.
